

ABOUT SENIOR SOURCE

Hill Country Care Providers works with some of the most respected physicians, attorneys, retirement communities and other elder care professionals in Austin. We welcome referrals from our professional partners.

Hill Country's SENIOR SOURCE program is a list of approved care providers we distribute to our clients. This program provides valuable referral sources for a wide range of senior needs. Our goal is to connect our clients with trusted advisors and professionals. We only recommend professionals with whom we have had quality experiences.

Categories include:

- Geriatric Psychiatrists
- Geriatric Physicians
- Alzheimer's Care Physicians
- Trust Officers
- Elder Law Attorneys
- Independent and Assisted Living Communities
- Skilled Nursing Facilities
- Hospice Agencies
- Medicare Home Health Agencies

If you are interested in participating in the SENIOR SOURCE program, contact Hill Country Care Providers at 512.402.1119.

ABOUT US

Hill Country Care Providers is locally owned and operated by Jackie Verdoorn, RN, BSN, MSN, CMC. Jackie's commitment to providing in-home care is based on her own personal experience. She has spent years assessing the needs of geriatric clients, locating appropriate resources and providing both medical and non-medical care.

She developed her own agency of experienced caregivers. Many of them have been with Hill Country Care Providers since its inception.

Hill Country Care Providers includes a multi-disciplinary team of RNs, LVNs, caregivers and a medical director for private-pay medical and non-medical in-home services.

Hill Country Care Providers is a licensed medical home health agency and a non-medical personal attendant service. We provide private-pay services utilizing Registered and Licensed Vocational Nurses as well as caregivers.

PREMIUM CARE
FOR AUSTIN'S
DISCERNING FAMILIES

A WIDE RANGE OF OPTIONS

We believe that our clients benefit greatly when they can stay in familiar surroundings while still receiving superior care and medical supervision.

Hill Country Care Providers is a licensed medical home health agency and a non-medical, personal attendant service. We provide private-pay services utilizing Registered and Licensed Vocational Nurses as well as caregivers.

SERVICES

Personal Attendant Services

Hill Country Care Providers offers services primarily to older adults who are having difficulty performing tasks associated with daily living. With the added assistance of our agency, these individuals can remain as independent as possible in their own homes or other familiar environments.

Services include assistance with:

- Personal care — bathing, dressing, grooming, personal hygiene
- Transfers in and out of bed, wheelchair, and/or motor vehicle
- Meal preparation and cleanup
- Light housekeeping, laundry
- Companionship
- Medication reminders
- Planning activities and guidance
- Transportation to physicians, dentists, barber/beauty salon, shopping assistance, errands, grocery shopping, etc.
- Maintaining a safe environment

Nursing Services

- Geriatric Care Management
- Client assessment and customized plan of care
- 24/7 on call for clients and caregivers
- Medication management
- Supervision of caregivers
- Coordination of care with Medicare home health agencies
- Skilled nursing services upon request when all Medicare home health benefits have been exhausted.

Geriatric Care Management

The services of a professional Geriatric Care Manager can be invaluable in determining the needs of your loved one and finding resources in your community to meet those needs. Our nurses have specialized knowledge and experience in senior care issues and are uniquely connected in our community.

Geriatric Care Management includes:

- Conducting a comprehensive in-person assessment of the client
- Determining an outline of needs
- Developing a plan of care designed specifically to meet the client's needs
- Coordinating services needed with appropriate community resources
- Following up, monitoring care and re-evaluating to make changes as needed
- Medication management upon request
- Caregiver procurement, training, and ongoing supervision of caregivers
- Moving coordination

Our geriatric care managers can simply advise a family on resources and develop a plan of care or we can become long term members of the client's care team.
