Honoring One's Wishes to Remain at Home

Providing ongoing care and assistance for someone you love is never easy. Give yourself a well-deserved break and the peace of mind knowing that your loved one is safe, happy and as independent as possible at home.

Assistance Home Care's team of professional caregivers can help provide a great start to the day and throughout. Our trained and knowledgeable team is committed to brightening up each and every day and encouraging our clients to stay active and engaged in their favorite activities to help keep the mind and body fit.

Our Story

We are committed to caring for those who care for others.

Growing up in the house “on the corner” was truly special. Mom cared not only for our family, but for the whole neighborhood. When Alzheimer's knocked at her door, our family answered the call to care for her the way she cared for us. For five years, we provided daily care for mom while supporting dad and raising our three small children on top of juggling everything else that goes along with a busy life. Honoring our parents' wishes to stay at home was one of the most difficult, yet personally rewarding experiences of our lives.

This journey helped us identify the incredible need that exists for families caring for a loved one at home. We dedicate each and every day to helping those family caregivers who are helping support their family's foundation and honoring their loved one's wishes to remain safe and as independent as possible at home.

Our Approach

We work with each family to develop a customized and flexible care plan to meet your unique needs and goals.

We are committed to educating families about the benefits of in home care and the various options that can provide the best support.

Through our free in home Discovery Visit, we take the time to understand each person's unique situation, personality and goals to ensure that we find the right team to exceed the family's expectations.

- Our team assists our Care Pros to support those with in-home care needs.
- We can assist a family with 24/7 round the clock care as well as daily care visits.
- Your schedule has an element of flexibility should there be a change in care needs. Our team works with each family to ensure that all adjustments go smoothly.

We strive to exceed our clients' expectations by following up and following through. We provide a high level of touch via our network of offices and our Office Care Teams which provide us the opportunity to visit regularly to ensure that we consistently go above and beyond to provide our families with only the highest level of in-home care.
