

Established in 1992, Unity Hospice is a family-owned and operated hospice and palliative care organization committed to providing comprehensive care and support to individuals facing life-limiting illnesses. Our skilled team of dedicated clinicians focus on enhancing the quality of life for patients and their families.

Hospice care is designed to offer palliative care and support services to people who have life-limiting illnesses and to their families. The National Hospice Organization defines palliative care as treatment that enhances comfort and improves the quality of the patient's life. This focus of care offers a choice to patients who are no longer seeking a cure for their illness, but want to remain where they live and receive assistance with managing symptoms and maintaining their quality of life.

“ENHANCING QUALITY OF LIFE”

*Serving Illinois,  
Indiana & Missouri*

the ones you love*

## THE UNITY DIFFERENCE

### YOUR UNITY TEAM

- Our medical director and your physician will work together to ensure there is continuity in your care.
- Our nurses will visit you to monitor your health and well-being. They will ensure your comfort, provide symptom management, and monitor your pain.
- Our hospice aides will assist you with your personal care needs and other activities associated with daily living.
- Our social work staff may provide counseling and access to community services.
- Our chaplain will work with you in providing spiritual support and counseling.
- Our volunteers are specially trained to support you and your family in a variety of ways including respite for caregivers and loved ones.
- Our Equipment Manager will deliver durable medical equipment that you may require to your residence and teach you how to properly operate the devices.

- **Customized Care:** Our patient-centered approach to care means that no two patients are treated the same. Our assessment process allows our staff to learn about your unique needs, which in turn, allows all of the services we provide to truly enhance the quality of your life.
- **Consistent Care:** Our unique care model enables the same clinicians to see the same patients on a consistent basis, which means that our clinicians don't just get to know your medical needs – they get to know you!
- **Compassionate Care:** Our 24/7 on-call service provides experienced professionals who will be there for you and your family every step of the way, whenever you need us. In addition, we will help you and your family members, including children, cope with the upcoming transition.

“Our clinicians don't just get to know your medical needs, they get to know you”

The services provided by Unity Hospice are covered by Medicare, Medicaid or Private Insurance, and no person is turned away because of an inability to pay.

We will provide all covered medications and medical equipment you may require in order to maximize your independence and comfort.

Additional therapies (physical, massage, music) are available to you as a part of your customized plan of care.
